Event Specifications

Age Groups

The age groups are restricted to 13 years, 14 years, 15 years and 16 years. Multi-Class swimmer age group is 13 – 18 years.

Heats

All heats will be seeded as slowest to fastest seeding. Where there are two or more heats, they shall be seeded with the fastest heat having the fastest swimmers, the previous heat shall consist of the next fastest swimmers, etc. Lanes shall be assigned in descending order of submitted entry times within each heat, in accordance with the pattern outlined in Swimming NZ rules.

Finals

Championship finals will be the top 10 swimmers and swum as individual age groups for all ages: 13 years, 14 years, 15 years and 16 years, and Multi-Class 13 – 18 years.

Distance Freestyle Events

The 800m Free and 1500m Free for both males and females will be swum as timed finals with only the fastest timed final swum in the finals session of that particular day.

Multi-Class Athletes

These championships are open to Multi-Class swimmers who have a classification of some form – provisional, national or international.

Multi-Class swimmers may meet the qualification times in either a short course or long course pool. However, no converted time is allowed – i.e. so long as the time is met the swimmer can enter that event.

The new S15, S18, and S19 classifications are welcome to compete in Multi-Class events. These new classes align with an alternative global pathway (i.e. outside of World Para Swimming) for those with the relevant impairment or diagnosis. For these championships they may enter any Multi-Class event on the schedule.

These alternative pathway classifications are:

- S15 – hearing impairment of at least 40dB (decibel) or greater in their better ear.
- S18 – Down Syndrome or intellectual impairment (S14) combined with a physical impairment.

- S19 – Autism diagnosis.

S18 and S19 are based on international classifications aligned to the Virtus pathway (along with S14/II1, however the classes internationally are known as II1/II2/II3).

S15 has an international pathway via the International Committee of Sports for the Deaf.

Heats and finals will only take place for each event on the event schedule.

The format for Multi-Class finals will be determined by the swimmers who achieve the eight highest points from the heats swims, based on the World Para Swimming points system and equivalent for the alternative pathway classifications using the meet software. To confirm, this means that swimmers of all classifications (S1-S19) will be vying for the top ten points totals to make the Multi-Class final.

Medals and club points will be distributed based on the World Para Swimming points system (similar to the percentage of the world record calculation) and equivalent for the alternative pathway classifications using the meet software of which results are final. To confirm, this means that one set of medals will be presented for each respective Multi-Class final.

If you have any questions regarding classification, please contact Disability and Para Swimming Participation Manager, Cameron Leslie, on cameron@swimming.org.nz.

Relays

Relays will be timed-finals with all timed-finals being swum at the end of the finals session. Relays will be swum as 13 – 14 years & 16 years and under. Medals will be awarded to the top 3 clubs.

Swimmers must be entered in individual events to be entered in relays. For selection purposes, relay teams can be entered by the National Selection Panel. Priority would be given to nationally selected teams over club teams.

The names of swimmers actually swimming on a relay must be submitted at least 60 minutes before the start of the session in which the event is to take place, in the order in which they are to swim. The names of swimmers in medley relay events must be listed for the respective strokes.

Failure to swim in the order listed will result in disqualification. Substitutions may be made only in the case of a documented medical emergency.

Any regional or combined relay teams will be swum as exhibition swims only and will not be eligible for points or medals.

Psych Sheets

Psych Sheets will be posted on the event webpage as soon as possible after entries close.

Any corrections and changes to psych sheets are to be sent to entries@swimming.org.nz within 24 hours of the psych sheets being posted. Any changes made after the final psych sheets are published will not be updated online, but will be completed and updated on the SNZ event file.

Printed Programme

All programmes will be published online, if you wish to have a printed copy these can be purchased via the link that will be added to the event page closer to the event. The cost for these will be \$25 which will cover all sessions. Pre-paid programmes will be available for each session during the warmup from the resolutions desk.
